On recommendation of the city engineer and the street committee the council appropriated \$500 for the grading and repairing of Harrison swenue from Twenty-first street to Nineteenth street. This is a part of the Canyon boulevard.

The city sexton petitioned the council to have the prisoners who are now working on the streets of the city remove the burrs and weeds from the cemetery. This brought in a pointed discussion, in which Councilmen Dana and Austin were engaged. The burden of the remarks was to the effect that they were opposed to the employment of prisoners, but that if they were to be employed, let it be in cemeteries and on rock piles, but not on the public highways.

The final estimate of the J. P. O'Neal Construction company for building the Cold Water canyon conduit in the sum of \$10.878.84 was allowed and the auditor instructed to issue a warrant for the amount.

John W. Austin Brings Damage Suit Against G. C. La Rue.

to The Tribune. OGDEN, Aug. 14.—John W. Austin, a member of the city council, has commenced suit against G. C. La Rue to recover \$3000 for personal injuries and \$17 for alleged damages to a buggy.

Mr. Austin states in his complaint that on May 21, 1911, while he and his wife were driving a single buggy and hore. on May 21, 1911, while he and his wife were driving a single buggy and horse along Washington avenue in Ogden the defendant recklessly drove his automobile against the rig and turned it over in the street. The buggy was badly broken and Mr. and Mrs. Austin sustained painful injuries. Mr. Austin was hurt much worse than his wife and he was confined to his room for a number of weeks. Mr. La Rue is a resident of Brigham City. LITTLE FEAR OF FIRE.

Excellent Forestry Report Comes From Salmon River Country.

Special to The Tribune OGDEN, Aug. 14.-Timothy C. heen better in that section than at the present time.

Mr. Hoyt says there is not much danger of fires in that section this year because of the excessive rainfall during the summer months. The grass is high and green, he says, and the forest lands are so moistened that fires will not be easily started. The forester says that he actually entered mountain fastnesses while on the trip that have never been grazed. The grass is waist deep and such an abundance of water is there that the range is ideal. abundance of water is there that the range is ideal.

The people of that section are somewhat impatient, the forester says, because of the delay on the part of the Gillmore people in building a railroad. Those projecting the enterprise, they claim, seem to have plenty of money but they don't get down to throwing dirt.

Commercial Club Complains of State Board of Equalization in Discrimination in Favor of the Outside Districts.

Special to The Tribune Special to The Tribune.

BINGHAM, Aug. 14.—A meeting of the Commercial club was held here this evening to discuss the school situation. The members of the club feel that as Blingham pays in fully half of the money that supports the consolidated school district known as Jordan, it should get more out of the district than it is getting. There are now five members of the school board and only one of these is from Bingham. The main point, however, is in regard to the heating of the new school building here. This, a \$50,000 huilding is now being built and the intention of the board seems to be to heat it by stoves. The members of the club also think that it should be made a full four-year high

Francisco.

The car line will pass through Greyson in San Juan county and near the great natural bridges, through White canyon to Hite on the Colorado river. Crossing the river at this point, from Hite the road will continue west to Escalanta and Panguitch, in Garfield county, and Parowan, Lund and State Line, in Iron county.

The officials are highly pleased with the country and say it is a good route thus far. Crossing the river here is easy and the officials report that the engi-neering parties will be at work here by the 1st of October. Some heavy work will have to be done at the south end of the Henry mountains, but the rest is easy.

JERSEY CITY. Aug. 14.—For the first time in four years Mrs. E. L. Hanks of Ridgefield Park heard of her husband today, and then she was told by wire that he had been murdered Saturday at Ogden, Utah. Hanks had trouble with his wife over another woman and left his home, wife and two sons, Edmund and John.

Only last week a mortgage on his home was foreclosed because of the inability of his wife to keep up the interest.

The news of her husband's death was conveyed to Mrs. Hanks today by a telegram from Hubert De Ballie of this city, who received a wire from Sheriff E. E. Harrison of Ogden, Utah. Mrs. Hanks was prostrated by the news and a physician is now in attendance. G interested of a revolver and was intervened. The assault was provoked, it is alleged, by the presence of Snyder in Baker's house when the latter returned unexpectedly today. Baker pursued Snyder into the street, using his pisted as a club. Later Mrs. Baker and her husband were arrested but Baker, saying that he were arrested but Baker, saying that he fused to prosecute. Snyder and all parties were released, the preacher agreeing to leave town on the first train.

Snyder was dismissed from the pastorate of the Goldfield Presbyterian church three weeks ago because of an alleged scandal.

PRESIDENT INVIEWS. Special to The Tribune.

BOISE, Ida., Aug. 14.—Baffling physicians and expert medical men to the last to diagnose her strange disease, Mrs. George H. Stewart, wife of Chief Justice Stewart of Idaho died here last night at a local hospital following an illness of almost two years' duration.

Mrs. Stewart was taken ill very suddenly at a dinner party on October 27, 1809. She lapsed into an unconscious condition from which it was impossible to rouse her. She remained this way practically up to the time of her death, although at intervals her paralyzed mind seemed to take on flickering intelligence, but this rapidly vanished. Her health gradually failed. The most eminent physicians in this country were consulted on her case, but none of them could diagnose it. Mrs. Stewart was never able to clearly recognize members of her family.

During the past six months she has been confined to a local hospital under a trained nurse. Her condition while there was pitiful, for she had developed great nervousness. She was 52 years of age.

This will be the first of a number of special educational trains to be operated by the Pennsylvania lines during the coming winter for the special benefit of the agriculturists living along the various lines of the system.

The Pan Handie seed and soil special educational train will be furnished and operated at the sole expense of the railroad company, and the lectures and demonstration material will be furnished by both the college of agriculture and the experiment station of the state of Ohio. There will be nothing to sell or advertise, and everything will be free to those desiring to improve in the knowledge of scientific farming. From the train illustrated bulletins will be distributed, containing abstracts of the talks which will be given on the several subjects.

During the five days' trip of the Pan Handle seed and soil special, stops of one and one-half hours' duration will be made at twenty-three stations along the Indianapolis and Cincinnati divisions of the P. C. C. & St. L. railway, in addition to the three-night sessions which will be held at Covington, Urbana and Xenia. At each stop two lectures will be given in the specially equipped coaches on "Soil Improvement," "Wheat Culture" and "Seed Corn Selection." The train will be in charge of Director C. E. Thorne of the Ohio experiment station, who will be assisted by Professors A. G. McCall, E. D. Waid. Porter Elliott, O. M. Johnson and W. H. Darst of the Ohio State College of Agriculture.
